

## RINAX® SKINGUARD GLOVE H 821

Antiperspirant skin protection lotion to use with gloves

### Fields of application

- For use before work
- Prevents skin from softening when wearing gloves and airtight clothing and due to contact with water-based working materials and mechanical impact on the skin
- When wearing airtight protective clothing, such as gloves, boots and protective suits
- Ideal for use in all fields that require comprehensive skin care, such as in retirement homes, hospitals, food processing companies, kitchens, schools, kindergartens and workshops etc.
- Suitable for activities in the food-processing industry

### Product advantages/properties

- Unscented, viscous O/W emulsion for skin under strain
- Its antiperspirant ingredients reduce typical problems such as skin softening and sweat decomposition due to heat and moisture build-up
- Strengthens mechanical resistance of the upper callus layer
- Silicone-free
- Complies with requirements in accordance with the HACCP concept
- Dermatologically tested

# RINAX® SKINGUARD GLOVE H 821

Antiperspirant skin protection lotion to use with gloves

## Application and dosage

0,6 - 1,5 ml

Apply Rinax® Skinguard Pro H 821 onto clean and dry skin and rub it in, letting it absorb before putting on airtight protective clothing. It is important to carefully rub in between the fingers and on the toes. It is strongly recommended to use only once a day since the mode of action is sufficient.

Bag bottle dosing via Rinax® dispenser H 854

## Note

The shelf life is maintained for up to 30 months (from the date of manufacture) if stored in closed containers at room temperature. See packaging for the actual expiration date.

The cardboard boxes and plastic packaging can be recycled. Changes or variations in colour do not impact on product quality.

## Complementary products

Rinax® Skincare H 822 - Skin care cream with natural oils and beeswax
