

Bucasan® + Intense

P 922

Ecological sanitary cleaner and descaler based on methanesulfonic acid

EU Ecolabel:
DE/020/449

Area of application

- For the entire wet room and sanitary area
- All acid-resistant materials, e.g. sanitary porcelain, chrome and stainless steel surfaces, wall and floor tiles, sinks and toilets

Product properties

- Eco-certified, awarded with the EU Ecolabel and Austrian Ecolabel
- Cradle to cradle certified, full scope, silver, version 4.0
- Easily removes lime, urine scale and other mineral impurities
- Regular use prevents lime deposits
- Dries quickly and streak-free
- Concentrate – lower consumption compared to usual products
- Powerful cleaning effect
- Also suitable for basic cleaning
- Meets the requirements within the framework of an HACCP concept

Application and dosage

- Always use cold water.
- Pre-wet surfaces with cold water before application.
- Rinse with clean water.
- Dosing aids are available on request.
- Consumption: 0,01 - 0,24 ml / per m²

undiluted

20 - 50 ml /
10 l water

200 - 1.000 ml
/ 10 l water

- Apply fresh application solutions and consume them within 24 hours at the latest.

Note

- Do not use on acid-sensitive materials, aluminum, painted surfaces, acrylic glass (PMMA) and lime-bound natural stones such as marble or travertine.
- The correct dosage saves costs and protects the environment.
- *Dosage according to EU ecolabel criteria: Apply undiluted to the WC or urinal if required.
- Light soiling: 20 ml / 10 l; normal soiling: 50 ml / 10 l.
- Original bottle can be easily refilled from the practical canister to save packaging waste.
- Do not use on acid-sensitive surfaces or materials such as marble, aluminum, etc.
- Do not mix with other cleaning agent concentrates or cleaning products.
- Changes or variations in colour of the product do not impact on the quality. The product image may differ in colour and shape from the original.
- **Safety:** Hazard statements and safety precautions can be found in the relevant safety data sheet, which is available at www.buzil.com.
- **Storage:** Always keep containers closed. Store at room temperature in the original container. Consume opened containers within 9 months.
- **Environmental:** Feed residual emptied containers to the dual system. For detailed information see environmental information.
